Wardrobe Combinations - OL

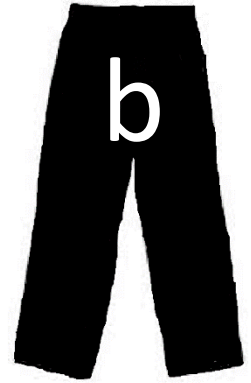

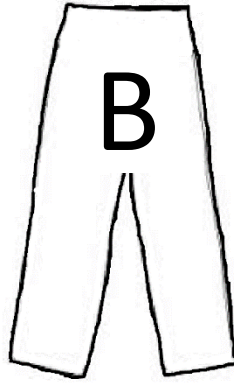

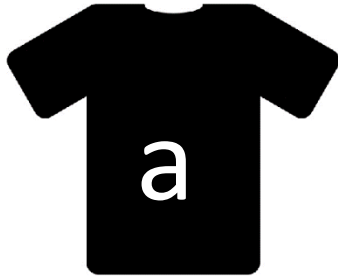

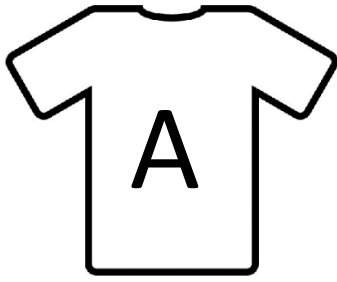

You went on a trip and only have two shirts and two pants. You do not want to wear more than one shirt or more than one pair of pants at the same time.

QUESTION: How many different outfits can you create from your wardrobe?

Draw your outfits below, remember you can only wear one shirt and one pair of pants at a time:

A large, empty rounded rectangular box with a black border, intended for drawing the possible outfits from the wardrobe.

This time, instead of drawing the outfits, write the letters for each outfit:

A large, empty rounded rectangular box with a thin black border, intended for writing the letters for each outfit.
